

PUBLIC SERVICE ANNOUNCEMENT

Voice over length: 30 seconds

Hello, I am _____ of the (name of fire department.)

Candles are a traditional and beautiful part of the holiday season. However, they are also a leading cause of home fires.

I have seen too many fires caused by candles. Keep them away from anything that can burn. Always blow candles out before leaving the room and keep them out of bedrooms.

Children can be fascinated by candles, so keep them safely out of the reach of children and pets.

A message from (name of fire department) and this station.
